A Message from the Founder

My Dear Young Students,

Welcome to you to the Institutions of Vidyavihar !

Your Finest Hour is here. The future belongs to you.

Let us all zealously work together and dedicate ourselves to build India of our dreams.

Remember, nothing was ever achieved without hard work.

Be bold but not be bowled over.

Let Truth and Duty be your watchwords.

Never despair in the face of setbacks.

Keep courage and continue to work with Fortitude.

Have faith in yourselves and in the Almighty.

Strive for your Goals and the future is yours!

About Somaiya Vidyavihar

Padmabhushan Karamshi Jethabhai Somaiya founded Somaiya Vidyavihar an education trust in 1959, to provide quality holistic education. It was founded on the belief that, education is an important pillar of nation building with the power to change lives, and that it is the duty of the privileged to help provide it to whoever aspires to be educated.

Somaiya Vidyavihar encompasses 34 institutions, with more than 39,000 students and 1,500 faculty. Its educational institutes are spread across two main campuses - a 50 acre complex in Vidyavihar and a 28 acre complex in Sion both located in the heart of Mumbai besides a number of smaller campuses across rural Maharashtra, Karnataka and Gujarat. Currently we offer Degree, Diploma & Certificate courses at Undergraduate, Post Graduate and Doctoral levels. Somaiya Vidyavihar also runs a few autonomous Post-Graduate Courses, Vocational Training Courses and High Schools.

Somaiya Vidyavihar fosters an ecosystem that excels in education, research and service, a place where knowledge is preserved, disseminated and new knowledge is created. It is known as much for its Science, Technology, Medicine, Engineering, Management, Social Sciences and Commerce programs, as for its programs for academic studies in various Faiths and Cultures of India. Shri. K.J. Somaiya guided Somaiya Vidyavihar until 1999, his son Dr. S.K. Somaiya was at the helm of affairs till 2010. Today Shri. Samir Somaiya, a Cornell University and Harvard Business School alumnus is the President.

Our motto ज्ञानादेव तु कैवल्यम् Knowledge alone liberates remains the bedrock, as we strive to expand and continuously innovate our education.

Our Inspiration

The Great Visionary and Transformational leader,

(Late) Dr. Shantilal K. Somaiya

29-12-1927 to 01-01-2010

A leading Industrialist & Businessman received various awards including prestigious 'Luminosa' & 'Sanskrit Mitra' titles. Strongly upheld the peaceful co-existence of religions and travelled extensively across the globe to spread the message of Indian Culture & Philosophy. Also made remarkable contribution to Education & upliftment of 'Adivasis'

Shri Samir Somaiya President

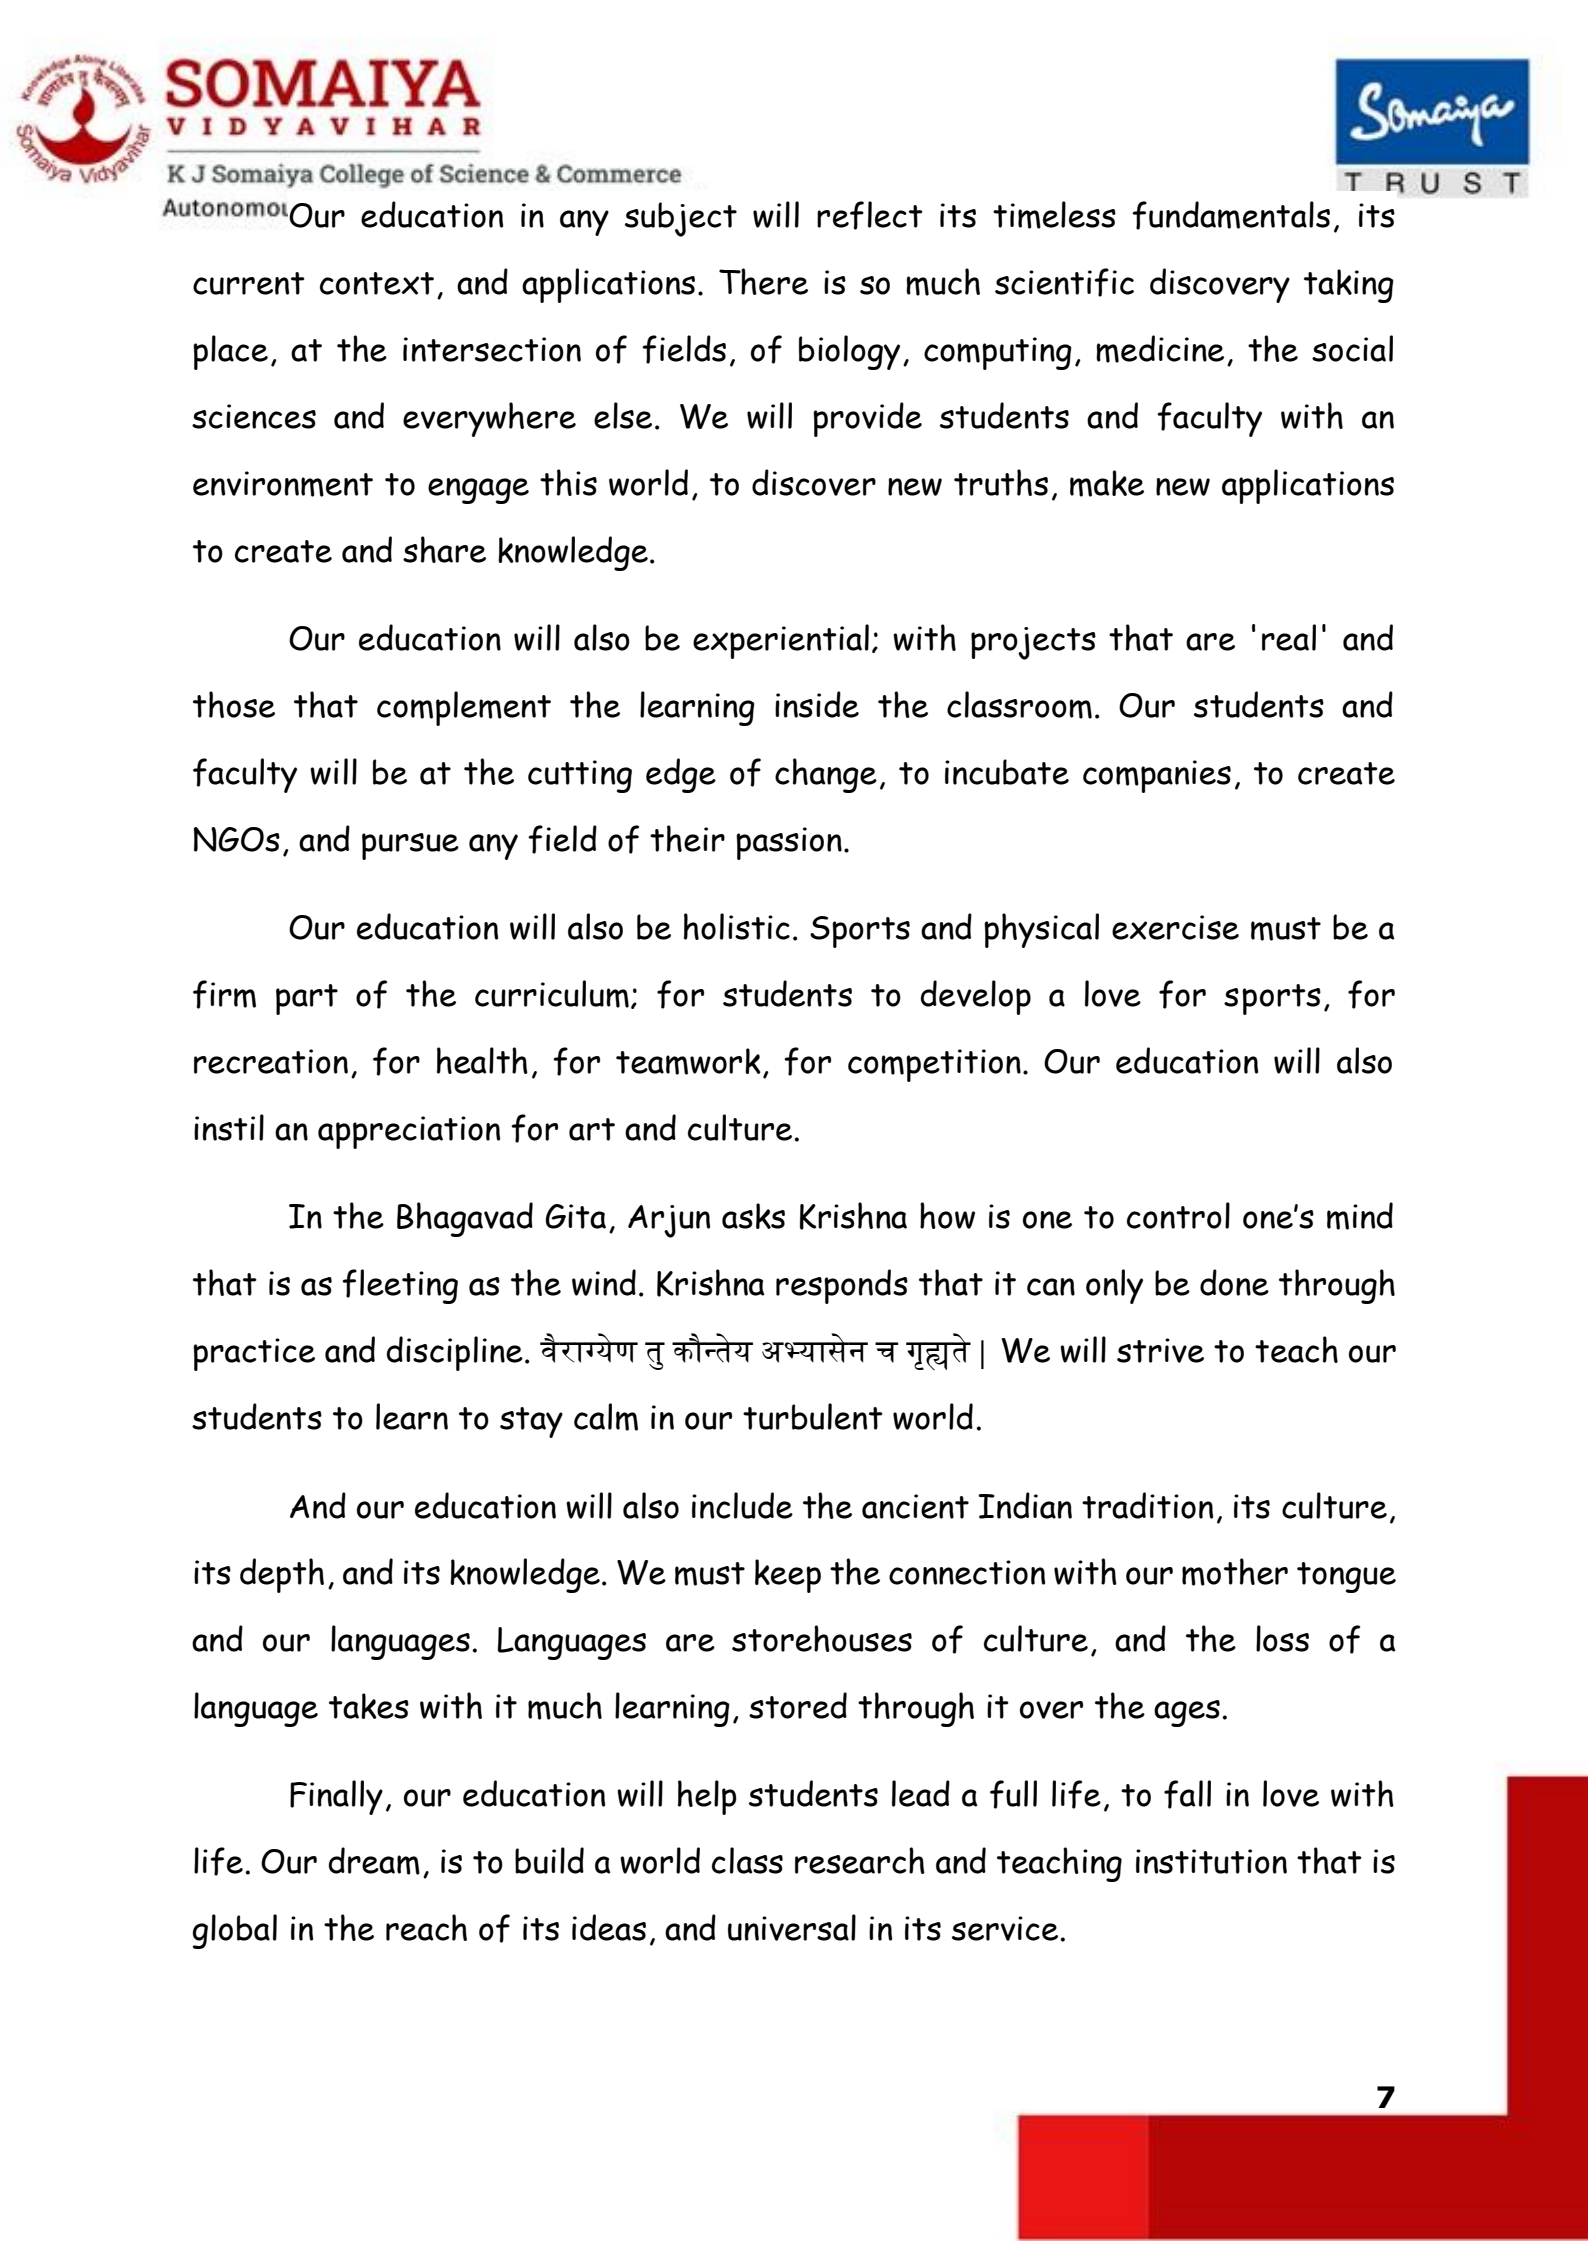

Message by Honorary President

Our Vision:

Our Founder, Padmabhushan Shri K. J. Somaiya was deeply influenced by Gandhiji, and dedicated himself to nation building. He founded Somaiya Vidyavihar on the 9th of September 1959. He later founded the Girivanvasi Pragati Mandal, The K. J. Somaiya Medical Trust, Girivanvasi Education Trust and sister institutions to make great citizens of India and the World. In the words of Swami Vivekananda, "We want that education by which character is formed, strength of mind is increased, and the intellect expanded, and by which one can stand on one's own feet." We have now grown into a multi-disciplinary and multi-campus education institution with over 1500 faculty, and 38,000 students.

Our motto:

ज्ञानादेव तु कैवल्यम् Knowledge alone liberates. Liberates from poverty, from hunger. Also to liberate one from the attachments that bind us to small mindedness. Knowledge also provides opportunity. To make the life lived more meaningful. In the service of one's family, one's community, one's, country, and indeed the world. Bearing in mind that there is no religion other than the life lived in the service of humanity, न मानुषात् परो धर्मः।

Our education in any subject will reflect its timeless fundamentals, its current context, and applications. There is so much scientific discovery taking place, at the intersection of fields, of biology, computing, medicine, the social sciences and everywhere else. We will provide students and faculty with an environment to engage this world, to discover new truths, make new applications to create and share knowledge.

Our education will also be experiential; with projects that are 'real' and those that complement the learning inside the classroom. Our students and faculty will be at the cutting edge of change, to incubate companies, to create NGOs, and pursue any field of their passion.

Our education will also be holistic. Sports and physical exercise must be a firm part of the curriculum; for students to develop a love for sports, for recreation, for health, for teamwork, for competition. Our education will also instil an appreciation for art and culture.

In the Bhagavad Gita, Arjun asks Krishna how is one to control one's mind that is as fleeting as the wind. Krishna responds that it can only be done through practice and discipline. वैराग्येण तु कौन्तेय अभ्यासेन च गृह्यते | We will strive to teach our students to learn to stay calm in our turbulent world.

And our education will also include the ancient Indian tradition, its culture, its depth, and its knowledge. We must keep the connection with our mother tongue and our languages. Languages are storehouses of culture, and the loss of a language takes with it much learning, stored through it over the ages.

Finally, our education will help students lead a full life, to fall in love with life. Our dream, is to build a world class research and teaching institution that is global in the reach of its ideas, and universal in its service.

From the Principal's Desk

Dr. Pradnya Prabhu
Principal

At the outset I extend a warm welcome to you. Value education is the foundation of modern education and is a unique feature of Somaiya Vidyavihar institutions. K. J. Somaiya College of Science and Commerce is one of the institutions of Somaiya Vidyavihar.

The College was formerly known as K. J. Somaiya College of Arts and Science. In 1972 it was bifurcated, one of them being, K. J. Somaiya college of Science. The Commerce Faculty was introduced in 1986 and the College was then rechristened as K. J. Somaiya College of Science and Commerce.

The College acquired a vibrant atmosphere due to co-curricular and extension activities. The Girls' NCC Unit has brought laurels in the form of the Vice- Chancellor's banner for three years. The NSS Unit has built a strong bond through community service in the areas of health, crises preparedness, gender sensitization, and building of life-skills, environmental enrichment and conservation.

Sharing of resources and innovative practices with the sister institutions has created a synergistic relationship and imparted impetus for further growth.

Globalization demands a new dimension to our approach to education. We at our college have recognized the need for a globally relevant education.

During the year, 2010-2011, efforts were directed to earn Autonomous status for the college; subsequently the University of Mumbai vide notification No. Aff/Recog.1/914 of 2012 dated 22nd October 2012 Conferred Autonomous Status to the college in 2012.

Under autonomy, changes were made in the existing syllabi which are in tune with the changing business, industrial and social needs. Furthermore, the designed curricula are relevant to the local needs and demands. The learning methodologies such as project based learning, experiential learning, flip class learning are used.

In the words of Swami Vivekananda "We want that education by which character is formed, strength of mind is increased, and the intellectual expanded and by which one can stand on one's own feet."

We believe that each and every student has a gift to share and we work hard to unlock their highest potential. We aim to create a safe, nurturing yet challenging environment that is built on values, culture and positive relationships which will lead to emotional, social and academic development of the student.

I wish you all wonderful years ahead.

Note : -

1) Marksheets of semester VI will be obtained only after passing all courses in semester I, II, III, IV and V.

2) On successful completion of all courses of semester I , II, III, IV, V, and VI, the student will be given compiled mark sheet containing data of all six semesters, passing certificate (printed by college) and degree certificate (printed by University of Mumbai).

Note :-

- 1) Marksheets of semester IV will be obtained only after passing all courses in semester I, II and III.
- 2) On successful completion of all courses of semester I , II, III and IV, the student will be given compiled mark sheet containing data of all four semesters, passing certificate (printed by college) and degree certificate (printed by University of Mumbai).

Centre for Remote Sensing & GIS (CRSGIS)

The Somaiya Trust, in its long standing tradition to keep on par with emerging trends in Arts, Commerce, Science and Technology, has pioneered several bold initiatives in the field of education.

Shri Samir Somaiya, techno-literate, M. D., of the Somaiya Group, envisioned a "World Class Centre", in remote Sensing and GIS, in Somaiya Vidyavihar Campus. This was realized through the initiation of the Centre for Remote Sensing and GIS (CRSGIS), in the K. J. Somaiya College of Science & Commerce, by then Principal Dr. R. S. Hande. The primary objective of the Centre is to impart and disseminate knowledge in the field of "Remote Sensing Technology (RST) & Geographic Information Systems (GIS)".

Since its initiation in July 2004, the Centre has successfully held several One-day workshop, seminars and short duration Certificate Course. Career Oriented Certificate and Diploma Course approved by the University of Mumbai, are open to students who are currently enrolled in undergraduate and graduate programs. The courses are offered as ADD ON courses to be taken concurrently with their ongoing programs.

Workshops and Training Programmes are open to candidates who are sponsored by their organizations, which include Private Companies/Central/State Govt. bodies/Autonomous Institutes and Universities and Colleges. Sponsoring organizations are required to meet all expense, viz. TA, DA, Contingent, Boarding, lodging and Medical expenses etc. Self-sponsored candidates pay full fee.

UGC-New Delhi, under the UGC Scheme for teaching and research in interdisciplinary and emerging areas (Innovative Programme, Xth Plan), had sanctioned financial grant to start the One year Post Graduate Diploma Course in RST & GIS, the first of its kind of Mumbai.

Students seeking further information/clarifications/counseling, such as details of eligibility conditions, course duration, course fee etc. regarding the course to enable them take an informed decision are advised to meet, Programme Coordinator, or the Centre Administrative Assistant, 6th Floor, Annex Building, Engineering College.

Remote Sensing & Geographic Information Systems

Remote Sensing (RS) deals with the use of Satellite images and their analysis for providing up to date information of surface features. The most useful characteristic is the multi spectral and temporal resolution of the data. That is, images are obtained in different portions of the electromagnetic spectrum and the same area is imaged with a specified periodic time interval. Remote Sensing has been traditionally used for study of natural resources. With improved technology in the sensors, finer resolution of the ground data has been possible. Therefore RS is now being used to create base maps for GIS applications.

Geographic Information Systems (GIS) is a technology, which enables the analysis of data related to entities, which have geographic distribution. The relationship between distributed entities is termed as a spatial relationship. GIS helps in undertaking spatial analysis and is therefore applicable to a wide variety of disciplines. In recent times GIS has found acceptance among many organizations who wish to use this technology to optimize their daily operations and provide better service to their customers.

RS & GIS are increasingly being used to monitor the natural resources, mining telecommunications, Utilities, Ground Water assessment, Linking of rivers, National agriculture Atlas, state/district level crop yield estimation etc. besides several ongoing national and state level projects. These applications form a direct input in preparing national policies. RS & GIS can also be used to monitor the effect of environmental management techniques in adhering to global norms.

The subject of Remote Sensing (RS) and Geographic Information Systems (GIS) encompasses several disciplines and it is this interdisciplinary nature of the technology that sets it apart from other technologies.

This is evinced from its wide applications in varied disciplines and faculties, Geoscience, Bioscience, Life Sciences, Environmental Science, Physical sciences, Hydrology, Engineering, Medical Sciences, Information technology, Retail mapping, Library Information systems, Wildlife habitats, Wetland mapping, Utilities (Telecommunications, Electrical, Hydro), Business Decisions, Facilities Mapping, Asset Management etc.

Socio-Economics use it to analyze demographic data from a spatial perspective Ecologist, Biologists and Environmental Scientists study habitats and climatic phenomena Geographers and Urban Planners derived developmental plans and predict future growth. Earth Scientists use it in mineral exploration and natural resources.

Retail and Distribution Agencies use it to map their distribution network and to optimize logistics leading to higher efficiency and lower costs. Law Enforcement Agencies study crime patterns and develop more effective remedial measures. Rehabilitation Organizations map the effects of natural disasters to plan their relief operations. Agriculturists effectively use it to evaluate cropping pattern and derive maximum yield. Life Scientists study the pattern of incidence of disease to find the causative factors and initiative preventive measures. Together RS and GIS provide a formidable means of addressing many problems affecting the day-to-day life of mankind.

Courses offered through the Centre

1. Certificate Remote Sensing Technology And Geographic Information System (University of Mumbai Affiliation)

Eligibility:

A candidate for being eligible for admission to such Certificate Course, shall have enrolled himself/herself with the University of Mumbai and taken admission to any of the Undergraduate or post graduate courses under Faculty of Science/Arts/Commerce in the constituent/affiliated colleges/recognized institutions of the University of Mumbai.

A candidate who has already successfully passed the B.A./B.Com./B.Sc. or M.A./M.Com./M.Sc. degree of this University or any other University equivalent thereto shall also be eligible to enroll himself/herself for such Certificate Course, being conducted in the constituent/affiliated colleges/ recognized institutions of the University of Mumbai

Notwithstanding anything contained above, a candidate shall have to fulfill minimum admission criterion for the Certificate Course as given below, considering the contents of such course and the minimum maturity level of the candidates to grasp, appreciate and derive maximum benefits from such courses.

Sr.No.	Name of Certificate Course	Minimum Entry/Admission level required
1	Remote Sensing Technology	First year students of any faculty and Geographic Information Systems

A candidate, who is a regular student, shall pursue such Certificate Course simultaneously while he/she is studying for his/her B.Sc./B.A./B.Com. or M.A./M.Com/M.Sc. degree of University of Mumbai.

Duration:

The Certificate Course will be an Add-on Course and shall be conducted for 12 weeks in each terms of the academic year.

Notwithstanding contained above the Summer/Diwali/X-mas vacation if need be, shall be suitably utilized for the completion of such Certificate Courses.

No. of students per batch: 20 students

2. Diploma In Remote Sensing Technology And Geographic Information Systems (University of Mumbai Affiliation)

Eligibility:

A candidate for being eligible for admission to such a Diploma Course, shall have enrolled himself/herself with the University of Mumbai and taken admission to any of the Undergraduate or post graduate courses under Faculty of Science/Arts in the constituent/affiliated colleges/recognized institutions of the University of Mumbai.

A candidate who has already successfully passed the BA/MA in Geography or BSc/ MSc degree of this University or any other University equivalent thereto shall also be eligible to enroll himself/herself for such Diploma Courses, being conducted in the constituent/affiliated colleges/ recognized institutions of the University of Mumbai.

Notwithstanding anything contained above, a candidate shall have to fulfill minimum admission criterion for the Diploma Courses as given below, considering the contents of such course and the minimum maturity level of the candidates to grasp, appreciate and derive maximum benefits from such courses.

Sr.No.	Name of Certificate Course	Minimum Entry/Admission level required
1	Diploma in Remote Sensing Technology and Geographic Information Systems.	Second year students of any faculty or Certificate Course in RS & GIS or equivalent

3. One Year Post Graduate Diploma Course In Remote Sensing Technology And GIS (UGC Sanctioned) (University of Mumbai Affiliation)

Eligibility:

A candidate shall have to fulfill minimum admission criterion for the One Year Post Graduate Diploma Course as given below, considering the contents of such course and the minimum maturity level of the candidates to grasp, appreciate and derive maximum benefits from such course.

Duration: The one year Post Graduate Diploma Course will be a FULL TIME course and shall be conducted for 24 weeks each in two semesters

Name of Course	Duration	Minimum Entry/Admission level required
One year Post Graduate Diploma Remote Sensing Technology and Geographic Information Systems	2 Semesters Full time	1. Graduate in Geology, Geography, IT, Engg., In & Civil Diploma Holders with minimum 45 percent marks OR 2. Any Graduate other than above, with minimum 45 percent marks and with a valid Certificate / Diploma / Advanced Diploma in Remote Sensing & GIS of 60/120/240 hours reply. OR 3. Any Postgraduate with 45 percent marks.

No. of students per batch: 20 students

The one year Post Graduate Diploma Course shall consist of six theory papers and one special theory paper and second semester of Industrial visit and project work completed in the Institution / Industry/ Research Organization.

One day / two day Orientation course for those needing it, may be conducted by the college at the beginning of the course, so that students opting for this course are better prepared to receive the intended course work.

Scheme of Examination:

a) The One Year Post Graduate Diploma Course shall consist of:

- Six Theory Papers (100 marks each x 6 = 600 marks)
- Six Practicals : (50 marks each x 6 = 300 marks)
- One Special theory Paper: (100 marks x 1=100 marks)
- Industrial visit and its report: (30 marks)

Project (250 marks) and Viva Voce : (20 marks) : Thus Totaling to 1300 marks

b) The One year Post Graduate Course shall be covered in 210 lectures (30 lectures per paper i.e. 04 lectures per unit), 48 Practicals (4 hours per week for 48 weeks) and 48 hours of project guidance per batch

The examination shall be conducted at the end of each Semester 24 weeks after the commencement of the One Year Post Graduate Diploma Course.

Semester I (Papers I - IV)	Principles of Satellite Remote Sensing
Paper I Practical I	Principles of Aerial photography and
Paper II Practical II	Photogrammetry
Paper III Practical III	Computer Methods and Programming
Paper IV Practical IV	Statistical Methodology

Semester II (Papers V - VII, Project, Industrial Visit)

Paper V	Practical V Digital Image Processing
Paper VI	Practical VI Geographic Information Systems
Paper VII	Special Paper on Project Implementation
Project	Project Report
Industrial Visit	Industrial Visit Report

Head of Passing:

The examination shall consist of the following Head of Passing. Maximum marks assigned to each head and minimum marks required for passing in each head as detailed in the following table.

Standard of Passing

For Semester I:

- A candidate shall be declared to have successfully passed the Semester I of the One Year Post Graduate Diploma in Remote Sensing and GIS Candidate must obtain 40% marks in each Theory / Practical subject for Semester I examination
- A candidate shall be allowed to keep terms for Semester II if he/she passes in Semester I, OR if he/she fails in not more than two theory/Practical papers of Semester I
- If a candidate fails to score minimum marks for passing in any two or more Heads of Passing he/she will be declared unsuccessful for the award of the certificate.

d) However, the candidate shall be given the exemption in the heads in which he/she has passed and he/she shall be allowed to appear for the examination again only for the Heads in which he/she has failed.

For Semester II:

A candidate shall be declared to have successfully passed the Semester II of the One Year Post Graduate Diploma Course in Remote Sensing and GIS.

a) Award of Class: As per the prevailing norms for other science subjects Award of Class

- Pass Class 40% Marks of SEM I & II taken together
- Second Class 50% Marks of SEM I & II taken together
- First Class 60% Marks of SEM I & II taken together
- Distinction 70% Marks of SEM I & II taken together
- The class will not be awarded to the candidates who are repeaters.

Honors program for Advanced Learners

ELIGIBILITY: Students only in FY semester I are eligible.

- More than 75 % marks at SSC and/or HSC Examination in first attempt.
- Good academic track record
- For exceptional students not having the above academic record, the mentor can give recommendation.

Entry: Limited seats only 25 students.

Entrance test is conducted after orientation program.

REQUIREMENT:

Credits: A student has to earn 10 credits. 4 credits in community engagement, 4 credits in an interdisciplinary course project, 2 credits research project and dissertation in the third year.

Mentor: A student will be assigned a mentor who will guide him / her on regular basis. There is no contact lecture that a student has to attend for the credits in Honors Programme. The student should be in touch with the mentor on regular basis to take the guidance.

Evaluation to award additional credits will be done by Honors Program Committee at the end of each semester at the end of each semester.

Examination System

Scheme for evaluation for continuous assessment under Choice Based Credit System

In the credit-based semester system under continuous evaluation there will be an internal evaluation and semester end evaluation. In the internal evaluation a candidate is tested on the conceptual understanding of the topics dealt with. The internal evaluation will be for 40 marks and the external evaluation will be for 60 marks. A minimum of 40 % marks are needed to pass the internal and external components of an examination separately.

A student can choose any one of the following options for internal evaluation:

Option A: It is based on the continuous evaluation principle. There will be multiple examinations for the portion taught, spread throughout the semester. Students will be tested through internal tests out of 25. There will be various activities assigned to the students and will be marked out of 15. A repeat test will be conducted for those who have failed out of 40. Examination can be taken during regular lectures / practical / tutorials.

Option B: Project in the respective course

A student can opt for option B for maximum of 50% of their courses.

e.g. For a semester if a student has to do 7 courses then the student can opt for option B for a maximum of 3 courses.

The project will be done by one or group of students depending upon the nature of the project. The project is expected to go beyond the scope of the syllabus. The student will compile a short 20 page report describing the

project and the process of completion of the project and the conclusion drawn from the project. The student will have to present the same to the subject expert along with another reviewing committee. There will be two examiners appointed by the examination board for evaluating the presentation (out of 20 marks). The written part of the project will be evaluated out of 20 marks.

For semester III and IV of S.Y.B.Com. For the subject Computer programming and Semester V and VI of T.Y.B.Com. For the subject Computer System and application the practical evaluation will be considered as the internal evaluation and the students cannot opt for any other option.

Semester end examination

Semester end examination will be of 60 marks, 2 hours duration for all the courses of all semester. Only Courses in Semester V and VI of Science faculty will be of 2 hours and 30 minutes duration (subject to change). Question will be based on the entire syllabus and each unit will be given appropriate weightage. A minimum of 24 marks are needed to pass the semester end examination.

Practical courses will be of 100 marks. In Semester III and IV of B. Sc. the practical examination will be of 150 marks. A minimum of 40 marks out of 100 are needed to pass the practical examination.

The practical examination of S. Y. B. Com. (Semester III and IV) for Computer Programming and in of T. Y. B. Com. (Semester V and VI) Computer System and Application, the practical will be of 40 marks and they will be treated as the internal evaluation for the course.

A student who does not get the minimum marks for passing a course may be given grace marks as per the ordinances applicable. And this will be shown in the mark sheet using special symbols. 'F' grade in a course will indicate a student has failed in that course.

10 Point Grading System

80 & Above	10	O	Outstanding
70 - 79.99	9	A+	Excellent
60 - 69.99	8	A	Very Good
55 - 59.99	7	B+	Good
50 - 54.99	6	B	Above Average
45 - 49.99	5	C	Average
40 - 44.99	4	D	Pass
Less than 40	0	F	Fail

The performance grading will be based on the aggregate performance of internal assessment and semester end examination. Under 10 point grading system percentage calculation is done as per the following formula

$$7.1 * CGPA + 11.$$

Submission of Assignment, Project:

The students are required to submit the assignments within the stipulated time given by the respective departments. Presentation of Project will be before external examination and will be conducted by the respective departments.

ATKT Examination:

ATKT Examinations are held in February/March/April and September/October every year. Forms are distributed in January for February/March/April & in August for September/October exams. Both the time all six semester of UG and all semesters of PG ATKT examinations will be conducted. Internal exam for ATKT students will be test/assignment based on the entire course prescribed for that course and semester.

Revaluation of Answer Books/ Photocopy of Answer Books (Not applicable to ONLINE Examinations)

Please refer University circular No. Exam/photo & rev/college NCD/4636 of 2010 and 4637/2010.

The candidate can apply for revaluation of the answer book for any of the subject/course. Revaluation is permitted for internal examination / practical examination wherever written script is available. The said examination should have been conducted in front of the teacher concerned. Examination conducted online/using various technology are not revaluated.

A student can apply for revaluation within 7 days of declaring the result. If a student has applied for photocopy but not for revaluation he/ she can apply for revaluation within three days from the date of distribution of the photocopy for the subject for which the photocopy was taken and not from the date the student collected the photocopy.

Photocopy:

1. Apply within seven days from the date of declaration of results.
2. Fees: 100/- per paper (50/- for reserved category students)
3. Documents required:
 - a) A copy of statement of marks
 - b) A copy of question paper and
 - c) A photocopy of caste certificate in case of a reserved category student.
4. Approximate period for processing will be twenty one days.
5. The photocopy shall be provided to the examinee in person only and in no circumstances to any other person. Due action can be initiated if it is shared

Revaluation:

1. Apply within seven days for photocopy from the date of declaration of results.
2. Apply within three days from the date of receipt of the photocopy of the answer book, if not applied before.
3. Revaluation Fees: 500/- per paper (250/- for reserved category students)
4. Documents required:
 - a) A copy of statement of marks
 - b) A copy of question paper and
 - c) A photocopy of caste certificate in case of a reserved category student.

Instructions to Candidates about Examinations

- Be in time. A candidate who is late by more than 30 minutes shall not be admitted to the examination hall.
- No candidate shall be permitted to leave until half an hour is over after the question papers have been distributed.
- Enter on the title page the class, subject, section and seat number.
- Write on both sides of the page, unless instructed. Rough work should be written on the left-hand side or on a separate page. Answer each question on a new page and number it.
- No pages shall be torn off from the answer-book given to the candidate.
- Nothing shall be written on the question paper.
- Exchange of written materials, stencils, mathematical instruments, etc. is strictly prohibited. Ask the supervisor in case any thing is needed but do not leave the seat on any account at any time. Do not leave the Examination Hall during the last ten minutes.
- A candidate is liable to disciplinary action for use of unfair-means e.g. if he / she
 - Keeps with him / her any book, notes or any other written material.
 - Speaks to or communicates, in any other way with unauthorized person.
 - Disobey any instructions issued by the senior or junior supervisor or is guilty of rude or disobedient behavior.
- Any use of unfair-means during the examination is liable to severe penalties as per the ordinance.

- Ten minutes before the close, a warning bell will be rung, after which no candidate will be permitted to leave the hall. At the second bell, all must stop writing and be ready to handover the answer booklets to the supervisor.
- Mobile phones and smart watches or any kind of communication devices are strictly prohibited and if found on person during examination then it will be confiscated and will not be returned back.

Hall tickets given to the students should be preserved and mark sheets/degree certificates will be issued only on production of hall tickets.

Hall tickets should have the sign of the respective authority and college stamp and the student is required to sign at the allotted space.

Procedure for Investigation in Case of Malpractices

1. The candidate may be served a show cause notice and made aware of the charges/ allegations reported against him/her to prepare his / her defense at the time of his / her appearance before the Unfair Means Inquiry Committee and informing him / her thereby, of the proposed action to be taken in his / her case with a request to reply to the show cause notice as to why the action proposed under it should not be taken against him / her.
2. The reply received by the Committee from the candidate when he /she appears before it, will be considered by the Committee and the final recommendation in the matter be made.
3. The punishment finally awarded can be equal to or less than what is mentioned in the show cause notice, but not more than what is mentioned therein. It will be as defined in the rules laid down by the university.
4. The College Unfair Means Inquiry Committee is a recommendatory body. The Principal has to exercise his/ her power.

The broad categories of unfair means resorted by students at the University/ College / Institution examinations and the quantum of punishment for each category thereof.

Sr.no	Nature of Malpractice	Quantum of Punishment
1	Possession of copying material	Only exam of that paper will be null and void

2	Actual copying from the copying material	Only exam of that paper will be null and void
3	Possession of another student's answer book	Only exam of that paper will be null and void
4	Possession of another student's answer book + actual evidence of copying therefrom	Only exam of that paper will be null and void
5	Revealing identity in any form in the answer written or in any other part of the answer book by the student at the examination	Only exam of that paper will be null and void
6	Found having written on palms or on the body, or on the clothes while in the examination	Only exam of that paper will be null and void
7	All other malpractices not covered in the aforesaid categories	Only exam of that paper will be null and void
8	Mutual / Mass copying	Entire examination of all the papers will be null and void
9.	i) smuggling out or smuggling in of answer book as copying material	Entire examination of all the papers will be null and void
	ii) smuggling in of written answer book based on the question paper set at the examination	Entire examination of all the papers will be null and void
	iii) Smuggling in of written answer book and forging signature of the Jr. supervisor thereon.	Entire examination of all the papers will be null and void
10	Attempt to forge the signature of the Jr. supervisor on the answer book or the supplement	Entire examination of all the papers will be null and void

11	Interfering with or counterfeiting of college seal or answer books or office stationary used in the examinations	Entire examination of all the papers will be null and void
12	Answer book, main or supplement written outside the examination hall or any other insertion in answer book	Entire examination of all the papers will be null and void
13	Insertion of currency notes / to bribe or attempting to bribe any of the person connected with the conduct of examinations	Entire examination of all the papers will be null and void
14	Using obscene language/violence threat at the examination center by a student at the college to Jr/ Sr supervisor/ Chief conductor or Examiners	Entire examination of all the papers will be null and void
15	Impersonation at the college examination	Current semester all exams will be null and void and one additional exam which includes theory, practical and mid semester exam will not be allowed to appear
	Impersonation by a college student at SSC/ HSC/ any other examinations	Current semester all exams will be null and void and one additional exam which includes theory, practical and mid semester exam will not be allowed to appear

16. If on previous occasion a disciplinary action was taken against a student for malpractice used at examination and he/she is caught again for malpractices used at the examinations in this event. He/she shall be dealt with severely.

Enhanced punishment can be imposed on such students. This enhanced punishment may extend to double the punishment provided for the offence, when committed at the second or subsequent examination.

17. Practical / Dissertation/ Project Report Examination

Student involved in malpractices at Practical/ Dissertation/ Project Report Examinations shall be dealt with as per the Punishment provided for the theory examinations

18. The competent authority, in addition to the above mentioned punishments, may impose a fine on the student declared guilty

General Rules and guidelines

The smooth functioning of the College depends upon observation of discipline by the students. The College can help the students better when Rules of Discipline are observed properly. Violation of these rules deprives the students of the advantages of different facilities provided by the College. The following are some of the important rules of discipline. Parents / Guardian are requested to direct their wards to observe the following Rules of Discipline:

1. Students must attend lectures, practical, tutorials etc. as per the Time Table. New technology introduced by Library Department

In the Year 2018-19 library introduced KIOSK system where students/faculty/ staff can self-issue, return, renew the book on their own in the library itself.

The action buttons show the processes using kiosk, includes check out (Issue), Renew, Check in (Return) and Account summary. Procedure is as follows:

For self-issue, return, renew I-Card is necessary. Member can also do these functions through their SVV Net Id.

For this they have to select the options given on screen. i.e issue, return, and renew

Then they have to do authentication by using their I-Card or by using SVV Net Id and password.

After successful authentication the user put the books on scan bed (which is right side of the screen), Students can issue or return 3 to 4 books at a time.

The system will automatically returned, issue or renew the books , i.e as per the option selected by the students..

Once the row goes green done option is clicked.

The screen navigate three options, i.e Print receipt, Email Receipt and No Receipt. We recommend to always refer E mail Receipt option to save paper wastages.

Note:

1. User don't need physical book at the time of renewal.

2. From the Library self-check user can only see the reserved book list but user needs to go to opac.somaiya.edu for reservation or cancellation of the books.
