Website Committee

Objectives of the Committee

- To ensure that the college website is regularly updated, improved and well maintained.

- Regular update of information/data provided on the website under various heads The college website is regularly updated with the information related to the following major aspects. The contents are updated through the content management system with the approval of the Principal.

- Removal of obsolete information The content of webpages is reviewed at regular intervals and at major phases of process change. The obsolete information is archived or updated or removed as per the requirement. Changes are integrated after the approval of Principal and department or committee heads.

- Collection of information about the latest events in the institute, achievements etc. Information regarding latest events, institutional updates and students achievements was sent via email. The content is reviewed and rephrased with relevant images, write-ups are prepared accordingly for uploading on website.

- Improvising website with respect to design, security: We have a centralized data center which maintains all the Somaiya campus level websites. The Data center team constantly works upon improving design and security.
