She explained how we can control feelings by thoughts which determine experiences in life. Life is 10% what happens to a person and 90% how one responds to it. She explained how living in the past and worrying about the future is useless. One should learn from the past and plan the future but live in the present. She encouraged the students to focus on the positive aspects of life. The students were asked to share the things that they are grateful for. They were advised to think about these things when they were feeling low in life. Ms. Thakkar summed up the session by telling the students to keep smiling under any circumstance.</p> <p>The talk was followed by a question and answer session. Name of the Resource Person \ Guest	-
Brief profile of the resource person	-
Objective of the Event	To train the volunteers for disaster management.
Report (Not more than 500 words)	The NSS unit of KJSSC conducted a "Disaster Management Workshop". On the first day of the workshop, a brief introduction of disasters, several case studies, crucial parts regarding fire: its classification, use of various fire extinguishers, fire triangle, etc were explained to the volunteers. On the second day First Aid principles, CPR skills, techniques of making stretchers and needful knots, handling a victim and his injuries, etc were explained with proper demonstration and were practiced by the volunteers. The workshop concluded with our National Anthem. Our NSS volunteers learned about various emergency techniques needed during the time of disaster, thus this workshop was of great significance.
Number of beneficiaries	No. Of Volunteers: 28
Expected Outcome	Preparedness in case of any disaster is the most important thing, this activity made the volunteers aware about the types of disasters and how to be alert and prepared at such times which will be useful for them in future.
